

O/M

om-light.com

Light is the essence of visual storytelling. From painting to cinema, it charges emotions, sets the tone, directs focus, and alters position in space and time. A flare at a glance, the shade that creates volume: light is the raw material for building your story.

O/M provides the key to a toolbox so versatile that there is no limit to what the creator can achieve. Developed with designers, architects, scientists and engineers, these are the precision tools to light stories in human spaces. With more than a half a century's heritage of experience, know-how and evolution, O/M researches the future of light, with new ideas for lighting spaces in an intelligent and innovative way.

Project

Constantly updated with the latest product information, our website is the go-to source for technical drawings, photometric data, datasheets, and more.

Spot on

Accent, contrast and definition

Octo ◦

Introducing the Octo, a tiny point of light of great comfort. Almost invisible, it produces a quality of light that surpasses similar light fixtures.

inVision ◦

The thin blade that complements architecture in the slimmest possible way, yet creates a comfortable environment.

One ◦

The high-definition, ceiling-recessed luminaire with extremely precise beam angles, for both general and accent lighting.

One Plus ◦

The adjustable One Plus's optics offer an untouched beam of 90% luminous intensity within the beam angle, regardless of how it is oriented.

Over *

Featuring the high-definition Lightcore, Over is the spotlight with a deep-set light source offering maximum cut-off angles.

Onit

An adjustable spotlight that expands creative possibilities in lighting design, Onit is the ideal, playful solution for light modelling.

Beam

The timelessly modern, universal downlight is now made completely from die-cast aluminium for a perfect finish.

Dot

The luminaire that hides a powerful beam in a tiny package: a discreet, durable, economical solution for any wall, ceiling, or floor.

* Developed in partnership with Bartenbach GmbH.

Linear

Linear lighting segments

inFinit ◦

inFinit's glare control and visual comfort make it ideal for workplaces, forming a continuous line of line of light of subtle integration in architecture.

Uw ♦

This asymmetrical luminaire drapes walls with a controlled, uniform sheet of light, producing a perfect surface wash.

inVision35 ♦

inVision luminaire in a slim profile housing for comfortable light in different architectural contexts.

U35

The U35 is a laser-thin luminaire that generates powerful light from a single line.

U45

A version of the U line in an even more streamlined design, the U45 is a versatile, reliable luminaire with a signature elegance.

U60

The classic U60's complete range features the most comprehensive variety of functions available, for complete lighting solutions.

U120

A larger luminaire, U120 brings powerful, modern design architectural lighting to any space.

H45

With both direct and indirect light, H45 is the go-to for diffusion with a sleek, modern profile.

MGB

Design: Souto de Moura

Ceiling-angled with or without light down, plus a track for spots: the multifaceted MGB ranges from ambient to detailed light.

Tubo Evo

Spot, medium, elliptical, for indoors or outdoors, highly resistant and completely adjustable: the ultimate wallwash multitasker.

Tubo

Design: Souto de Moura

Form meets function in this classic, all-purpose luminaire, as at home in the kitchen as in parking lots and gymnasiums.

O975

Design: Souto de Moura

Shadowless, even, reliable and efficient: technology and design together in a cylinder of light.

Limit

Cove lighting of great quality: state-of-the-art LEDs create fantastic light, from tiny spaces to large rooms.

Systems

Costumisable and modular systems

Sys35

The attractive, laser-thin, minimalist modular system that couples general and accent lighting for staging key spaces.

Sys45

The elegant, extensive modular system with a world of options and flexibility for creating mood and lighting any interior space.

Diffuse

One-of-a-kind ambience

Tua

Design: Souto de Moura

Project light far and wide with
Tua's advanced optical system.
No glare, no lighting pollution.

Aleixo

Design: Souto de Moura

Souto de Moura's groundbreaking luminaire continues to inspire future generations of design.

Barcelos

Design: José Bernardo Távora

Square, simple, and unmistakably modern, the subtle luminaire to create the perfect mood indoors and outdoors.

Esquadro

The thin blade that complements architecture in the slimmest possible way, yet creates a cosy environment inside or outside.

Sky

Perfectly lit, even, and round, Sky's complete range of luminaires make circles of unbroken, uniform radiance.

Safe

Architectural safety signage

Escola de Música do Carandá (Braga, Portugal) Architecture Eduardo Souto de Moura Photo Luís Ferreira Alves

AS

Design: Álvaro Siza

The classic, trustworthy integrated unit with the clearest of visibilities, yet never competing with architecture.

BS

Design: Souto de Moura

The extension of the Tubo line, featuring the same all-purpose versatility and quality in an emergency unit.

LS

Design: Souto de Moura

Side-lit, radiant and complete, the go-to safety solution for anyone seeking top-quality design which best fulfills its function.

OS

Design: Souto de Moura

Different and dependable: the round emergency unit that creates a unique look for public spaces.
